ICEL (Industry Committee for Emergency Lighting), is a division of The LIA specialising in providing support to the market for Emergency Lighting requirements. The LIA is the largest lighting trade association in Europe, dedicated to supporting the UK lighting industry and its supply chain.

Our mission is to connect, support, and represent our members. LIA members undergo rigorous audits and meet industry-leading standards, ensuring safety, quality, and performance. All ICEL members are LIA members but they undergo additional audits due to emergency lighting being a life critical product range.

In today's complex lighting market, selecting reliable suppliers is vital. Customers can look for LIA and ICEL membership and trusted LIA and ICEL certifications as a mark of excellence in lighting solutions.
