

THE FIRST HIGH OUTPUT **LED UFO HIGH BAY** WITH LIA VERIFICATION

LUMiLiFe's **Essential** range of LED Highbay's has been awarded LIA Lab (Lighting Industry Association Laboratories) certification following successful testing for safety and performance under the LIA Lab Verified Scheme for LED products.

LIA Laboratories launched its LIA Labs Verified scheme in 2014 to provide a complete testing, verification and certification service for lamps, LED modules, control gear and luminaires. The scheme firstly verifies basic safety then initial 'performance verification' of manufacturers' specifications and packaging claims and then 'life' verification to 2,000 hours.

Essential

- ✓ LIA Verified
- ✓ 5 Year Product Warranty
- ✓ Easy Installation with IP67 Waterproof cable connector
- ✓ CE, RoHS, TUV & CB Certified
- ✓ High Efficiency using SAMSUNG 2835 SMD Chip
- ✓ LiFud Non-Flicker 1-10v Dimmable Driver With Pentimeter feature to reduce the Lumen & Power output power by 25%

LIA VERIFIED HIGH BAYS
